

Dear All,

We are pleased to announce **the 4th SAS ERM - ESSEC CREAR Conference**, which will take place at the **ESSEC Singapore Campus**, on **July 26-27, 2018**, on:

Cyber risks – Threats and Opportunities for the Asia Pac Insurance Industry

Cyber risks are regularly mentioned as the top priority in Risk Managers' minds. All Insurance & Reinsurance companies are expected to play a critical role in this fast-changing and constantly evolving environment: both as a target for cyber criminality and as an insurance coverage provider.

We are honoured to have as keynote speakers, **Mr Tommy Tan**, Head of Monetary Authority of Singapore (MAS) Technology Risk Supervision Division, who will deliver the keynote opening speech for the event, **Prof. Nir Kshetri** from the Bryan School of Business and Economics, UNC-Greensboro (USA), expert in cybercrime and cybersecurity, and **Dr. Michel Dacorogna**, Partner at PrimeRe Solutions (Zurich Switzerland), who holds in 2018 the international Chair of LabEx MME-DII & ESSEC CREAR on Quantitative Risk Management.

The call for papers is now open and we invite you to participate! The 2018 Joint SAS ERM – ESSEC Conference welcomes academics, PhD students and (re)insurance and non-insurance professionals to present their research, knowledge & experience on:

- **Risks that are threatening the insurance industry:** nature of such threats, insights on the cybercrime world, relevance to the insurance industry in terms of vulnerabilities, opportunities and relevant data privacy regulations, ...
- **Cyber insurance:** market & demand dynamics, existing and future insurance products, pricing techniques, accumulation of risks, reinsurers' perspective
- And related topics

Other than the classical style of presentations, other suggestions including participative workshops, cyber games are also welcome.

To express your interest in presenting at this conference, please send the topic, together with a brief outline of the presentation as well as the brief biography of the presenter(s) to us at erm2018@actuaries.org.sg by **20 April 2018**. Selected presenters will be notified via email by **31 May 2018**.

Best regards,

Raymond Cheung & Julien Parasie (SAS ERM Committee) and Prof. Marie Kratz (ESSEC CREAR)
