

22 November 2012

Slides not available for uploading – by MAS, Confidential

ALL MEMBERS
SINGAPORE ACTUARIAL SOCIETY

The SAS is pleased to host an update discussion on the Direct Insurers' Stress Test Exercise for General Insurers. This follows the discussion held last year on the 17th of November and will provide an update of the results from the 2011 exercise as well as the progress of the working party looking at producing a practice/technical note to assist the actuaries in the 2012 exercise.

The discussion is also an opportunity for actuaries to share their experiences on the Stress Test Exercise. Likely topics for discussion will include:

- MAS observations
- actuaries' experiences in constructing scenarios, formulating management actions and setting out recommendations

While the discussion is targeted at those actuaries certifying direct general insurers, all members of the SAS are welcome to attend.

Cost

Members:

Free (Paid up members may also invite up to two colleagues who are non-members to attend for free, please register [ONLINE](#)).

Non-Members :

This session is only for members and invited colleagues.

Please pre-register as the seats are limited, and based on last year this event will 'sell-out'.

Priority will be given to paid up members who have pre-registered and then to invited colleagues others who have pre-registered and finally, if any seats remain, to members who do not pre-register based on their order of arrival. If you would like to attend, please registering [ONLINE](#) by 14 November 2012.

If you are inviting your colleagues, please indicate in the Additional Information/Instructions the following : Name in full & email-addr & company

Thank you
