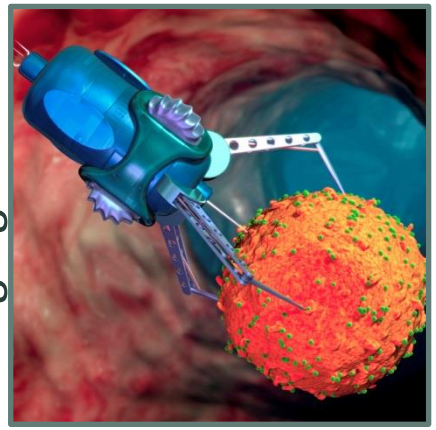
Swiss Re
Hyperconnectivity
... and the Insurance Landscape
Hussain Ahmad
SAS General Insurance Conference 2015

I'll talk about four things today...

Pace of Change

Impact on Society

Emerging Risks



Are we ready?

Main Focus (2015)

- Healthcare
- Transport
- Logistic
- Environment

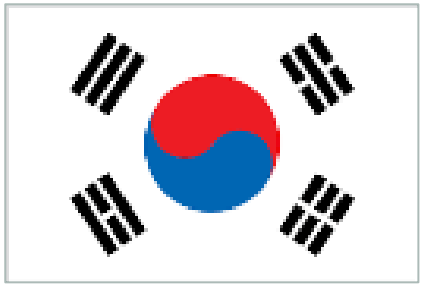
We see Singapore as a test-bed incubator

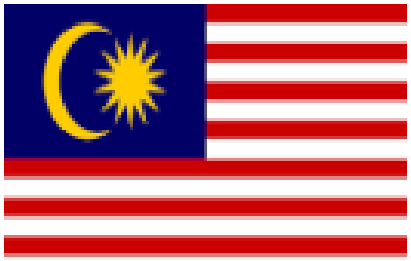
Singapore Smart Nation

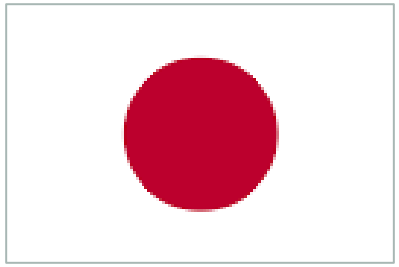
*Smart Nation **is built on data** & the ability to move, collect and make sense of it before we can glean insights that can improve lives.*

APAC is at the forefront

Smart Health is the lifeline for Smart Cities trend







22 out of 37 major smart cities across the globe by 2022 will be in APAC, with an investment of over 60 billion from 2014 to 2023

Impact on society

Social interaction... or "social" interaction

396 mins sleep per night
100
mg/ dL blood sugar
73
bmp heart rate
30
km run

Emerging risks

Privacy / Data Security is the first thing that comes to mind…

Physical Security is an ever increasing concern...

WIRED

FEDS SAY THAT BANNED RESEARCHER COMMANDEERED A PLANE

Source: www.wired.com/2015/05/feds-say-banned-researcher-commandeered-plane/

The way we work may be killing us...

Broader impact on Society & Legal landscape
