Wrap up

Agency Channel Share

Agency in decline but probably reaching its asymptote (in most markets).

Agency vs Bancassurance NB 2011-2015

Agency Channel Share

Agency Channel Value Levers

Let's look at some of the life insurance economic value drivers, and inter-relationships between them.

Premiums

Future sales
capacity

Policy
persistency

Profit
margin

Agency Channel Value Levers

Let's look at some of the life insurance economic value drivers, and inter-relationships between them.

Agency Channel Value Levers

We tend to focus on measuring these ...

Agency Channel Value Levers

...but this cluster is particularly interesting.

Measurement Proxies

Proxies for agent productivity? The evidence ... But first, what data are available for analysis at company level?

Measurement Constraints

There are some problems in a few of the less developed Asian markets. First:

Then:

To us: **Registered agent** = include in headcount
 To insurers: **Agent under contract** = include in headcount

-> Not always the same thing ! Big problem for retention calculations
